

## REFLECTIONS ON PROJECT GIVE BACK

I have learned how much Project Give Back helps people and charities. I've also learned about the Make A Wish Foundation. I liked the project presentations and activities a lot. I like the idea of Project Give Back, it is interesting and I think it should go on for many more years.

I think it is important to participate in Project Give Back because it can teach me about certain things. I think that I have changed as a person because I will now be more involved with many charities. Project Give Back taught me how to call charities and how to write a good speech. I had to change my event because we couldn't use the gym. It was not so hard because I know how to draw and many people liked my Sponge Bob so I just did that. I learned about many other charities like: SPCA, Alzheimer's Foundation and Multiple Sclerosis Foundation of Canada.
